

MEMORY CARE

*Redefined*

**THE GROVE**  
AT OAKLEAF VILLAGE  
MEMORY CARE COMMUNITY

Visit The Grove and you'll see. It's a new day for memory care, designed with your loved one in mind. Gone are the nurses' stations and scrubs. Long sterile hallways. Bland food and bored residents.

*Make the most of every moment*

Inside our state-of-the-art, freestanding community on the campus of Oakleaf Village of Toledo, you'll find lots of life and laughter—a vibrant homelike environment where residents thrive. Come, experience the region's best choice for seniors with age-related dementias. Prepare to be amazed.

## *Welcome to the neighborhood*

Four quaint neighborhoods serve as the cornerstone of The Grove's revolutionary design. With only 10-12 residents each, these smaller neighborhoods replicate the feeling of home, are easier to navigate and encourage interaction. Imagine your loved one enjoying the spacious and comfy common areas—kitchen, living room, dining room, spa and sunroom—or exploring the creative outdoor courtyards.

### *Ask about*

- Interior and exterior natural wayfinding
- Smart technology that learns residents' patterns
- Multisensory features and artwork
- Brain-healthy cuisine served in open kitchens
- Unique architecture and interior design

## *Celebrate their story*

What brings your mom joy? What are your husband's hobbies? What's your dad's favorite dish? Before providing any care, we learn your loved one's life story so we can build their day around it. This kind of person-centered care is at the heart of all we do.

### *Person-centered care*

Emphasizes ability,  
not disability

Engages residents in  
what they enjoy

Fosters independence

Builds relationships

When it comes to caring for seniors, The Grove builds on the 30-year tradition of Oakleaf Village of Toledo, our sister community.

*Relax with expert care*

We hire only the top professionals and maintain a high staff-to-resident ratio. Combine that with historic low staff turnover, and you can expect superior care from familiar faces. Every day.

*5x more training*

Our staff receives a minimum of 40 hours of training annually from a NCCDP Certified Dementia Practitioner® and Certified Alzheimer's Disease and Dementia Care Trainer®. That's 5 times more than the state requires.

## *Get the support you need*

The Grove cares for you as well as your loved one. Family nights. Support groups. Resource library. Educational programs. These are just a few ways we help in addition to our program manager and professional staff, available 24 hours a day.

*Now welcoming residents*
